

Assistance Policy and Procedures

The following describes who is eligible to apply for assistance from the Hammer & Heart organization, how applications for assistance will be rated and ranked, what the form of assistance is, and if accepted to receive assistance, how the home repair/modification process will be managed.

H&H Purpose

1. To alleviate any housing conditions which pose an imminent threat to the life or safety of very low-income homeowners/renters or those with special needs.*
2. To provide accessibility modifications and other repairs necessary to prevent displacement of very low-income homeowners/renters or those with special needs.*

*See definition of "Special Needs Populations" below

Eligibility

To be eligible for assistance applicants must:

An H&H employee or designee will visit the home of applicants to determine the need and feasibility of repairs/modifications.

How Does H&H Help?

If approved, H&H will provide materials and the services of professionals or volunteers, as available, to repair the urgent need of the homeowners/renters, whose homes are selected for repair/modification. This assistance is not a loan. No repayment on the part of the homeowners will be expected. Provision of repairs is subject to availability of funding and labor. When applicable, clients will be referred to outside resources such as Independent Living, Vocational Rehabilitation, USDA, Community Action Opportunities, Veterans Assistance, etc.

What Kind of Work Will Be Done?

Only repairs that address imminent threats to the safety of occupants of the dwelling, or accessibility modifications, are performed by H&H. In typical cases, work may include repairing rotten flooring, ceilings or walls and the leaks that caused the rot; repairing and/or replacing damaged roofs; updating and/or repairing electrical wiring; building

handicap ramps and/or safety railings; repairing plumbing issues; repairing leaky doors/windows/roofs or addressing other hazards to the homeowner.

Who Will Do the Work on the Home?

H&H matches projects to private contractors or volunteer teams interested in helping neighbors in need of home repairs. In those cases where professional labor is required, H&H selects contractors who have demonstrated a high degree of skill and ability. Each contractor will be reviewed by H&H based on references and recent jobs. Approved contractors will be asked to submit bids on each project. Applications for bidding are available at the H&H office or can be mailed upon phone request. Ads/announcements will be made as needed to inform the public about opportunities to bid.

Once Submitted, How long will the Application Review Take?

Once an application has been received by H&H, every attempt will be made to notify the client that the application is being processed. Applications are reviewed by the board on a monthly basis, and applicants should receive notice of their application status within 2-3 months.

If Approved, How Soon Will Work Begin?

Our ability to serve the community is completely reliant upon the generosity of neighbors, the availability of funds from philanthropic organizations and the schedules of professional contractors and volunteers. We will make every attempt to keep approved applicants informed on the scheduling of their project.

Can Potential Clients be Referred?

Clients can be referred by friends and neighbors, and by partnering agencies such as the Sheriffs Department of Buncombe County, Mountain Housing Opportunity, Independent Living, Buncombe County public agencies, USDA, etc. Referrals will be required to submit an application, which, if necessary, can be filled out in person with an H&H staff member.

Will Personal Information Remain Confidential?

Yes. All information in applicant files will remain confidential. Access to the information will be provided only to H&H staff and office volunteers who are directly involved in the program, all of whom sign confidentiality agreements. This information is also shared, upon request, with H&H's auditors.

What About Conflicts of Interest? No officer or employee of Hammer and Heart shall have any interest, direct or indirect, in any contract or subcontract for work to be performed with program funding, either for themselves or those with whom they have family or business ties. Relatives of H&H board members or staff may be approved for rehabilitation assistance only upon public disclosure of such a connection to the H&H board.
